Create Your Own Maine Adventure

FIND YOUR RHYTHM: Make your days aboard a Windjammer as active or relaxed as you want. Lend a hand hoisting the sails, take a turn steering the boat, or even help raise the anchor! Swap stories with new friends or steal away for a quiet moment with a book. Sink into a hammock for an afternoon nap, sketch the coastal scenery, or simply watch the world drift by. Whether you're hands-on or happily unwinding, you choose how to enjoy your time.

SAVOR THE FLAVORS: Dine on fresh, local meals that celebrate Maine's bounty. Wake up to the aroma of warm blueberry muffins or a stack of fluffy pancakes. Savor hearty soups paired with fresh-baked bread for lunch and indulge in creative dinners featuring locally grown and raised foods and homemade desserts. And of course, no trip is complete without a traditional lobster bake on a secluded island, where you'll enjoy the freshest lobster you've ever had.

EXPLORE SCENIC MAINE: Take in postcard-worthy views from every angle on the deck of a Windjammer. Spot pine-covered islands, historic lighthouses, and playful wildlife like seals and bald eagles. Go ashore and become an explorer, wandering through charming fishing villages, hiking to panoramic lookouts, or combing rocky beaches for treasures. Seek out your own secluded cove for a refreshing swim. Whether on board or on land, Maine's breathtaking beauty is yours to discover.

Share the journey with your spouse, your kids, your longtime friends, or your fellow guests to share unforgettable experiences and treasured memories.

Frequently Asked Questions

How often do we go ashore? *We sail during the day and anchor in a harbor every night. There's plenty of time to go ashore to experience the places we visit, whether it's a small fishing village or an uninhabited island.*

What is there to do on board? *Help raise sails, learn to furl a sail, or steer the boat if you'd like. Sit back and enjoy the ever-changing scenery as we cruise the rocky coast. Read, sunbathe, paint (feel free to bring supplies), meet new friends or keep a lookout for seals, porpoises, eagles and osprey. Enjoy bountiful home-cooked meals, including a traditional lobster feast. When the boat is anchored, go for a row, try out a paddleboard, or take a dip in the "pool." Time is unstructured and every day is a new adventure.*

Who goes Windjamming? *Everyone! And once they come, they keep coming back, year after year. From solo travelers to couples, from knitters' clubs to family charters, our vessels welcome all who are looking for good times, good food, and the unforgettable thrill of a windjammer cruise.*

Will I get seasick? *Unlikely! One of the reasons Penobscot Bay and its neighboring bays are such a sailor's heaven is that the waters are sheltered from the ocean swell by the multitude of islands. The sailing is smooth and seasickness is very rarely a problem!*
