NATHAN PABLO

PLAN YOUR ALL-INCLUSIVE ADVENTURE ABOARD A WINDJAMMER!

THE MAINE
WINDJAMMER
ASSOCIATION

MaineWindjammerFleet.com

Sail into a simpler kind of adventure.

Leave the traffic behind and step aboard a Maine Windjammer, where adventure unfolds at an easy pace. Help hoist the sails, steer the ship, or simply relax on deck as your schooner carries you to quiet coves and a side of Maine you won't see from shore. Enjoy fresh-from-the-galley meals, breathtaking coastal scenery, island hikes and the freedom to do as much—or as little—as you'd like.

A TASTE OF MAINE AT SEA: Meals aboard are a highlight — from hearty breakfasts and freshly baked breads to creative dinners that showcase the best of Maine's land and sea. You'll enjoy plenty of homemade desserts and the classic all-you-can-eat lobster bake cooked right on the beach. Everything is made from scratch in the ships' galleys, served family-style, and best savored in the open air with good company and an ocean view.

DISCOVER THE COAST LESS TRAVELED: As you sail along Maine's ragged coast, you'll pass spruce-tipped islands, quiet coves, and abundant wildlife at every turn. Read, sunbathe, paint, or watch for seals, porpoises, eagles, and osprey. When the anchor drops, row ashore, try a paddleboard, or take a refreshing dip in the "pool." Shore trips invite you to wander island trails, visit coastal villages, and explore historic lighthouses — each day brings a new adventure shaped by the wind and the moment.

Whether you come with your spouse, your family, your friends, or set sail solo, you'll find a warm welcome and good company aboard. Windjammer guests quickly become shipmates — trading stories, laughter, and unforgettable moments under sail.

Windjamming 101

How long are the cruises? From 3-night escapes to 10-night journeys, there's something for every schedule.

Where do the Windjammers sail? All of our trips start in either Camden or Rockland, unless otherwise specified, and all of the Windjammers generally sail in the calm coastal waters of Penobscot Bay and neighboring waters.

Will I get seasick? Very unlikely! One of the reasons Penobscot Bay and its neighboring bays are such a sailor's heaven is that the waters are sheltered from the ocean swell by the multitude of islands that dot the coast.

Where can I find reviews? Each Windjammer has loads of reviews on their individual Google and Trip Advisor listings.

Planning ahead?

2027 schedules will be posted on our website in August. Visit our website to join our newsletter and you'll receive a notice when the schedules are available. Individual windjammers may post their 2027 schedule even earlier, so be sure to check their websites as well.
