Schooner American Eagle

A national histroic landmark

We invite you to sail with us aboard the American Eagle, a unique adventure exploring the timeless and beautiful coast of Maine. Our open deck space, comfortable cabins, and spacious interior are paired with locally sourced & seasonally varied cuisine. Blend the function and feel of a period yacht with the charm of an original New England working vessel.

Built in 1930, the American Eagle is the last of the famous fishing schooners built in Gloucester, Massachusetts. Working the North Atlantic in all seasons & weather for 53 years, the American Eagle was then restored & rebuilt for passenger service in 1986. A beautiful balance of contemporary amenities with the comfort and stability of over 300 years of design evolution. Rediscover a way to experience the culture and communities of New England as a genuine part of each coastal day.

Schedule Offerings for 2027

Gathering of the Fleet – June 12th – A fan favorite and the first of our Maine Windjammer fleet events of the season! One evening, we will meet up with the other eight members of the Windjamming fleet for an evening like no other. Joining us on this 5-night adventure is our good friends and very talented modern folk group, *Reese Fulmer and the Carriage House Band*.

Great Schooner Race Week – July 4th – Get your competitive edge on and join us as we participate in the 47th Annual Great Schooner Race. As a part of the Windward class, we'll race for the claim over the cup again. The race is the second event of the year for the Maine Windjammer Association, and there is no shortage of competition. Starting the night before the "big boat" race, the crews participate in the small boat race. Watch as our crew fights to defend its title for the fourth year in a row. The following morning, the race course is determined, and each class starts over the line. Cross your fingers for loads of wind; we will not hold back and charge to cross the finish line first.

Celtic Isles – September 19h – Cool days and cozy nights are upon us as fall begins to roll in. This trip pairs the simplicity of acoustic folk music with our favorite pastime of sailing with our friends from *Drank the Gold*. Bring your knit sweater and curl up on deck as we sail as long as the light will let us.

WoodenBoat Sail-In – Sept. 12th – Sail with us as we anchor in Brooklin, Maine, with the whole fleet for one final time in the season. Home of the WoodenBoat School and Magazine, we'll get the chance to be in the presence of legendary vessels. This six-night trip is typically our last chance in the season to get as far Downeast as possible. Watch from the water as the fall foliage starts to turn, the wind starts to pick up again, and nights are kept warm by the wood-burning stove.

Bays & Islands Trips – Our "Bays & Islands" trips are offered as our more sailing-centric voyages. Over the course of the trip, we will make the most of our days and go where the wind and the tides take us. With fewer stops ashore combined with some of the longest days of the year, it leaves plenty of time for us to haul up our anchor and discover a new favorite harbor.

Islands & Villages Trips – Our "Island & Villages" trips are ideal if you are looking for the perfect balance of sailing and exploring. We'll go ashore to venture into one of the hundreds of islands the Midcoast area has to offer, or stop into one of the small fishing villages as we sail from anchorage to anchorage

---

No matter how long you're aboard, we strive to make your time with us a safe, fun, and rejuvenating experience. Whether you are a seasoned guest or you're new to windjamming, our all-inclusive trips provide you with incredible views, great food, and memories for a lifetime. The American Eagle is owner-operated, meaning I am your host each day of every trip. The crew and I look forward to sharing our knowledge, skills, and experiences with you. It is with our guests at heart that we work year-round to ensure that this National Historic Landmark is always at its best.

We hope to have you join us in 2027!
